COLLIN COUNTY CROP REPORT FOR 1894.

County Assessor R. S. Chandler hands the Democrat reporter the crop report of Collin County for 1894. From it we glean that in that year Collin produced 56,024 bales of cotton; 2,347,000 bushels of corn; 483,089 bushels of wheat; 1,592,405 bushels of oats. We also note that our farmers purchased during the same year 256,390 lbs. of bacon; 38,107 lbs of lard; 23,795 gallons of molasses. Further we note that there are 2616 farms owned and 2317 renters. The average wages per month paid is $14.41.

There are other minor statistics. Mr. Chandler adds to the report the following:

"This is as correct a report as I have been able to get, unless the state will make it a penalty for refusing to give a report it is impossible for me to get it correctly."

Joseph Fossati, a young man of respectable parents, and a negro woman of ill repute whom he had married, were treated to a coat of tar and feathers at Walla Walla, Wash., on the 9th inst., and driven from the town.

A salvation army captain, in Seattle Wash., surprised his companions by being so influenced by the spirit that he confessed being an escaped convict. The officers took him in charge at once, but while returning with him to Kansas from whence he escaped, he repented his confession and jumped from the window of the rapidly moving train. He was recaptured however and taken on to prison.

George Parker, a citizen of Alva, Ok., was remanded a few days ago, before Judge Goodwin, for drunkenness and disorderly conduct. Judge Goodwin impanneled a jury of twelve men to try the case who returned a verdict of guilty against the court. The verdict read: "We find the defendant, George Parker, not guilty, but we find the court guilty as charged by defendant, and that the costs in this case are to be fined against him." After the trial Parker had the judge arrested for drunkenness in office. The jury was composed of the best citizens of the town.

ACCIDENTLY KILLED HIS CHILD.

Ellinger, Fayette Co., Tex., June 4.—Frank Kuera, a Bohemian farmer, accidently shot his 10-months-old infant with a rifle supposed to be unloaded from the effects of which the child died six hours afterwards. The load also wounded his father, who was holding the child, though not seriously.

Hempstead Watermelon Bulletin: We have received a communication on the subject of watermelon cider in which it is asserted that without doubt the finest drink known can be made from the watermelon. Two gallons can be made from a twenty-five pound melon. That it is really more of a wine than a cider and that it is easily made. We have made watermelon syrup in a crude way and as a syrup, it rather excells the ribbon cane and when properly made, rivals the maple syrup. If we could get a few watermelon cider mills started in Waller county, we may in time be shipping our watermelon cider by the carloads. We are promised some of this cider as soon as we can furnish the melons to have it made, and when the cider comes we will call in the judges.

FIFTY-SIX LESSONS IN ELOCUTION FOR FIVE DOLLARS.

Beginning about the middle of June, I will conduct, in McKinney, a college of Elocution and Oratory, THREE days per week, for a term of eight weeks, giving two lessons per day, (each lesson one hour). I will also give each student eight private lessons during the term. The private lessons alone are worth three dollars more than I charge for the entire term. Elegant quarters will be provided.

POPULIST NATIONAL CONVENTION.

Allen, Tex., June 1.—Editor Chillicothe (Mo.) World: I wish to put our populist friends to thinking in regard to the place of holding the next national convention. Texas has the largest middle of the road populist voting population of any state in the union. She has a free-hearted, hospitable and generous people. Texas wants the national populist convention of 1896 to meet on her soil in Dallas, the queen city of the southwest. Dalias is a great railroad center and easily accessible to any part of the country, has the best hotel facilities of any city south of St. Louis and west of the Mississippi, a population of 65,000 and a people noted for their ability and will to entertain strangers. A convention held with such favorable surroundings would of necessity reflect credit to the country and the grandest party ever founded. Two hundred thousand populists voters extend you this invitation, and 3,000,000 people regardless of party will bid you a hearty welcome.

E. C. FORBES.

CLEVELAND is fishing!

Dallas is hunting prize fights and religious conventions.

THE coming populist rally at Fort Worth August 5, 6 and 7, will be a big affair.

MANY citizens of Dallas are kicking against the proposed prize fight.

TRUTH and error have been pounding each other throughout the ages.

IT is to be hoped that the Dallas News will succeed in pulling the politicians off the fence.

A CONFIRMED report of the massacre of missionaries in China has reached the United States.

IT seems to be a fore-gone conclusion that a populist state daily paper will be established in Texas.

Senator Brice of Ohio purchased the Pittsburg Akron and Western railroad for the sum of $800,000.

AFTER Corbett and Fitzsimmons finish the mill at Dallas, we suggest that Hogg tackle the victor.

THE battle of the standards continues with increased interest. Populist wear "I-told-you-so" smiles.

THE old parties are guilty of obtaining officers under false pretences.—Dallas News.

"We told you so.."

GOV. CULBERSON has appointed delegates to represent Texas at the Memphis bi-metallic convention, among them J. L. Greer of Coffin.

Mrs. S. Isadore Miner is working zealously to build the Women's building at Dallas. We trust the ladies of this section will not neglect to lend a helping hand.

EXCITEMENT continues to prevail in Denver Col. over the water rate question. Consumers are actually kicking against being robbed.

IT is now claimed that the sending of Hogg to New York to solicit for a railroad, was simply a scheme to get him out of the state.

THE platform trimmers will never be able again to pull the wool over the eyes of the people and plait it.—Dallas News.

We hope you "tell the truth."

I Cannot Say Enough

For Hood's Sarsaparilla. I would not be without it in my house. I have been taking Hood's Sarsaparilla for dizziness in the head, or, as some people call it, an overflow or rush of blood to the head.

Hood's Sarsaparilla Cures

Be Sure to get Hood's

Hood's Sarsaparilla has kept me alive for the past twelve months. I will recommend it to all who have poor blood." S. W. SHAW, Greenville, Texas.

Hood's Pills are purely vegetable, hand made, perfect in proportion and appearance.

THE democratic party has in it entirely too many people who do not know what democracy.—Dallas News.

"We told you so."

DEMOCRATS should adopt Depew's plan and get up a harmony dinner. Nothing but a full stomach and a schooner of beer will hold the average democratic leader to his party.

Walnut logs are being sold at good prices. Several carloads have been shipped out of Texas via Galveston, bound for England where they are used in furniture factories.

The recent local option elections as reported in last Sunday's News were rather mixed. Lamar Titus and Red River counties went wet. Morris, Bosque, and Newton counties went dry.

A free silver meeting at Fort Worth Saturday night became almost unmanageable when it was proposed to attach the word "democrat" to the name of the club. The majority present did not want to confine the membership to the democratic party.

THE Citizen's-Democrat, of Calvert, Texas, is on our X table this week. We are fortunate enough to know its brainy, fat, jolly, 'populist-to-the-core editor and we X with pleasure.

SOLICITOR Hogg failed to float bonds for his pet railroad while in New York. About the only success Hogg has ever attained was in blinding the people of Texas in the election.

BAILEY, if reports are true, is hedging on the silver question. He is for free and unlimited coinage of silver, but if the silver dollar is depreciated in value all debts now in existence should be payable in "money as valuable as that in wnich they were contracted." While he is thus posing as "Honest Joe" it will be well for his constituency to keep an eye on him.

IT is reported that Representative Watkins, of Navarro county, has succeeded in borrowing several hundred dollars and obtaining goods on credit and skipping the country. Watkins was elected on the populist ticket and it is to be hoped that those who voted for him will learn a lesson and scourge out from leadership such scoundrels who are born only to prey upon the confidence of his followmen. A man should lay aside party prejudice to vote against an enemy of society and good government.

BROTHER EVANS BECOMES CANDID--HE "TELLS THE TRUTH."

"Tell the truth." The democratic party has boosted President Cleveland into the presidential chair and President Cleveland has proceeded to kick the democratic party into the middle of next week.—Van Alstyne News.

DON'T WANT TO BE PRESIDENT.

Cleveland, O., June 8.—Officers of the local A. R. U. organization received a letter from Eugene V. Debs, who among other things says:

"I can not be considered a candidate for the presidency. I would not permit myself to harbor such an aspiration for an instant. I have little enough liberty as it is, and what little there is I do not want to sacrifice on the political alter. Not that I would fear to face the whirlwind of denunciation which such an ambition would arouse, but I wish to remain untrammeled and do what little I can to free the American people."

IOWA POPULIST CONVENTION.

Des Moines, Ia., June 11.—The populist state convention met today at 1 a. m. Little business in addition to temporary organization was done in the morning. After a speech by Temporary Chairman A. S. Starret came the appointment of committees and raising of funds to liquidate indebtedness and carry on the campaign.

In the afternoon T. H. Gillett, ex-congressman, was made the permanent chairman and I. W. Ivery permanent secretary.

After several speeches the following nominations for state officers were made: Governor, Sylvester Crane of Davenport; lieutenant governor, A. R. Sterret of Humboldt; supreme judge, I. W. Ivery of Mills county; superintendent of public instruction, E. J. Strong of Sioux City.

The platform reaffirms the principles of the Omaha platform, denounces the late decision of the supreme court on the income tax, the recent acts of the government by injunction in the interest of corporate wealth and the issue of interest-bearing bonds.

On the financial question it says: "Recognizing with satisfaction the expression of individual opinions among citizens irrespective of party in favor of the restoration of silver to its constitutional place in the coinage of the country at the ratio of 16 to 1, we extend the right hand of fellowship to all men who are prepared to join with us in the dethronement of the money power of Wall street and Europe and the emancipation of the proceeding classes of the world.

"We further demand that until such time as a government system of finances can be established that all banking institutions national, state and private, be required to give security to depositors for all moneys received on deposits."

COUNTY ALLIANCE MEETING.

Corsicanna, Tex., June 10—To the members of the alliance of Texas: Believing that it is highly important and necessary for every Farmers' alliance in the state to be represented in the July county meetings, as important information is to be transmitted through said county alliance meetings, we earnestly request and urge the reorganization of all dormant alliances and that they send delegates to said meeting. BASE BALL.

Lawyers vs Court House Officials--An Evening of Fun.

For several days the lawyers and court house officials have been practicing base ball at Foote's Park preparatory to a matched game for Wednesday evening, the entrance fee to be for the benefit of the ladies cemetery association. A large crowd was present to witness the game.

The court house nine were as follows: W. M. Shirley, Ed Keen, T. F. Mangum, M. G. Abernathy, Pat Moulden, A. W. Knighton, R. S. Chandler, J. L. Moulden, W. T. Cox, B. H. Oates, Capt.

The bar nine were as follows: G. E. Carpenter, W. C. Jones, J. M. Pearson, John Doyle, W. McAbernathy, Tom Andrews, J. A. Evans, R. C. Merritt, J. N. Graham, J. M. Pearson, Capt., H. R. Jeffries, umpire.

The game was a most amusing as well as an exciting one. A close contest was the result until the latter part of the game when the lawyers forged ahead. The final summing up show the game to be 26 to 20 in favor of the bar nine. The gate receipts amounted to a handsome sum, over $60.

The ball games in McKinney Thursday and Friday were well attended and when the ground is levelled some more, Foote's Park will be a popular retreat for this national sport. Thursday's game between McKinney and Anna was called at three o'clock and good ball was played by both teams, resulting in a victory for the Anna boys by a score of 13 to 10. The visiting club's players were: Judd, Fulton, Dry, Strange, Craven, Walden, Craven, Cox and Shirley. The home team's players were: Nale, Jones, Warden, Branch, Caldwell, Polk Oates, Boone, Corn Oats and Wilson. Friday's game between McKinney and Plano was a waterloo for the local team which, no doubt, will wreak vengeance today on the "Texas Steers," notwithstanding the latter club's position as champion of the southern league clubs. Plano's players were: Lamm, Overaker, Baldwin, Hood, Hughston, Handcock, Gilmer, Seigling and Bowman. The E. Foote's players were Caldwell, Jones, Boone, Warden, Wilson, Branch, Burrus, Nale, Taylor and Oates.

F. M. HILL Commander,
H. C. MACK Adjutant.

On July 20, 1887, a German peddler by the name of S. Dreeburn was murdered near Wylie. The murderer or murderers escaped and no clue could be obtained until the last few days. Deputy Sheriff W. S. Coffey assisted by Marshall Howry of Wylie, last evening arrested Cam Tucker, near that place, charged with the killing. The arrest is based on the testimony of a man who claims to be an eye witness to the killing and who says that he had been prevented from giving the information to the public by threats. The witness claims that there were two men who committed the crime, one of whom has left the country. Tucker is held in jail and preparation is being made for an examining trial. Mr. Coffey is receiving congratulations for his successful work on the case.

RELIGIOUS.

Rev. Hunt will preach at Gray Hill to-night.

The next place of meeting for the Epworth League will be Sherman.

The Epworth League cottage prayer meeting was held at Bro. D. Goodin's Tuesday night.

Prof. P. B. H. Shearer preached at the Congregational church in Denison, Sunday at 11 a. m. and 8 p. m.

Miss Cappie Hammor is representing the Cumberland Presbyterian S. C. E. at the Fort Worth state convention.

Plummer Harris and Mrs. Jennie Woods were delegates to the Christian Endeavor state convention at Fort Worth this week. Mr. and Mrs. J. G. Matthews were also delegates from Vernon.

On account of the unfavorableness of the weather, Children's day exercises at the Baptist church were postponed until next Sunday night.

The Baptist Sunday school will have its annual picnic to-morrow (Friday) at the usual place on Wilson creek. All the Sunday schools of the city are invited to join with them.

Eld. S. W. Crutcher, of this city, will deliver his humorous lecture, "Phunny Phases of Life," at the opera house in Plano tonight. A treat for Planoites.

The Whites Grove M. E. Sunday school will have its annual picnic at the Grove Thursday, June 20. The M. E. Sunday school of this city is invited to also participate and it is likely the two schools will join and have a a grand time.

J. N. Crutcher will occupy the pulpit at the Christian church Sunday morning and evening. His father, Eld. S. W. Crutcher, is attending the state convention at Gainesville.

An ice cream supper was given at the Methodist parsonage, Tuesday night, by the ladies parsonage society. A large crowd attended and the affair was a success in a pecuniary and every other sense.

From LaGrippe.

How Dr. Miles' Nervine Restored One of Kentucky's Business Men to Health.

NO DISEASE has ever presented so many peculiarities as LaGrippe. No disease leaves its victims so debilitated, useless, sleepless, nerveless, as LaGrippe.

Mr. D. W. Hilton, state agent of the Mutual Life Insurance Co., of Kentucky, says: "In 1889 and '90 I had two severe attacks of LaGrippe, the last one attacking my nervous system with such severity that my life was despaired of. I had not slept for more than two months except by the use of narcotics that stupefied me, but gave me no rest. I was only conscious of intense mental weakness, agonizing bodily pain and the fact that I was houriy growing weaker.

When in this condition, I commenced using Dr. Miles' Restorative Nervine. In two days I began to improve and in one month's time I was cured, much to the surprise of all who knew of my condition. I have been in excellent health since and have recommended your remedies to many of my friends."

Louisville, Jan. 22, 1895. D. W. HILTON.

Dr. Miles' Nervine Restores Health.

Pain has no show with Dr. Miles' Pain Pills.

Miss Ella Jenkins, Mesdames Marshall, Powell, Quisenberry and little Misses Mac Marshall and Stanley Quisenberry leave today for Gainesville to attend the state convention of the Christian church in session there from the 14th to the 18th inst.

I heard the voice of Jesus say,
"Come unto me and rest;
Lay down, thou weary one, lay down
Thy head upon my breast."

Appropiate to his theme, Rev. J. L. Morris announced the hymn, of which the above are the opening lines, which was sung with the accustomed Methodist ring, Sunday morning at the 11 o'clock services. The disagreeable morning and threatened rain contrived to make this a conspicuous service—conspicuous because of the number of empty pews which are a rare sight in the Methodist church of McKinney. "Come unto me all ye that labor and I will give you rest," this and the two succeeding verses, 29th and 30th of Mat. 4, were the text for a sermon abounding in terse sentences. The pastor declared that it has been the aim, or should have been, of every statesman, philosopher and philanthropist to put forth such efforts only as would redound to the greatest good to humanity as a whole. In view of this universally assumed axiomatic truth there is something radically wrong when it takes all the best legal talent of our land to determine whether even local option is legal after a majority of the people have expressed themselves in favor of it. There is something radically wrong when the people groan under the weight and exactions of prevailing laws. Banish all chicanery to defeat the popular will and a little child could draft a local option law that would be legal. These conditions will continue to be the case so long as the laws of God are set aside or compromised. Such trials and connivance are either going to subjugate us or enable us to override them and be the better in so doing. The much used text was handled in an unusually able manner from various stand points. New zeal and determination were infused into the battling ranks of the Immaculate Prince of Peace by the edifying perorations of the earnest pastor and every auditor seemed deeply impressed.

On account of the rain yesterday afternoon the audience, which assmbled at the College park pavilion at 3:30 o'clock to hear the baccalaureate sermon of Carr-Burdette Christian college, was not as large as it would have been had the weather been favorable. But there was a goodly number present and the sermon by Rev. S. W. Crutcher, of McKinney, was greatly appreciated. The minister took for his text the last chapter of the book of Proverbs, speaking of woman and referring to her influences for good or evil in this world. Rev. Crutcher made his remarks plain and practical, earnest and heart touching. No attempt at rhetorical elegance or oratorical flights of eloquence were attempted. But from a heart full of love for mankind and an earnestness for the purification and uplifting of humanity came the simple, earnest words which plead more earnestly than all rhetoric for integrity of character, heart culture, mind culture, body culture.—Monday's Sherman Daily Register.

FREAK OF NATURE.

A Strange Thing in Nature--A Mule Colt Raised by a Dog.

Ennis, Ellis Co., Tex., June 7th—A gentleman whose veracity is vouched for reports that he witnessed yesterday a mule colt sucking a hound bitch and the mule seemed to derive wonderful satisfaction in obtaining lacteal fluid from its foster parent. The facts in the case are these: Two months ago the colt's mother died in giving it birth and Mrs. W. S. Hogge began the interesting process of raising this colt by hand. In the meantime she had on hand an interesting family of young hound puppies to which she was paying particular attention at her husband's instance, he being a sportsman. It seems this mule colt, with the precocity of his race, took advantage of the maternal instincts of the dog and applied himself assiduously to obtaining milk when the puppies did, and although the mother has about weaned the puppies, the mule still insists on support from its foster mother in addition to its regular rations on the farm at the hands of its mistress.

HAMILTON-BOLTON.

The Methodist church was packed to its utmost capacity last evening to winess thet marriage ceremony of Mr. G. F. Bolton, a prominent young merchant of McKinney, to Miss Daisy Hamilton, the beautiful and accomplished daughter of our good citizen, J. W. Hamilton, Rev. J. L. Mor- officiating.

The church had been most tastefully and beautifully decorated by the King's Daughters. After the marriage several hundred invited guests gathered at the home of the bride's parents where a most enjoyable time was had until a late hour. THE DEMOCRAT extends congratulations.

A DEMOCRAT reporter received word last Saturday evening about 8 o'clock to hasten at once to the Kentucky House hotel and he would be rewarded with the witnessing of a marriage. We found everybody around the premises in a hubbub state owing to the near approach of the important event. Upon our arrival we found already present the two tall sycamores of the Trinity, County Clerk Walden and Rev. Sullivan. The former had issued the legal papers while the latter had been selected to do the executing act. The County clerk gave the reporter the wink as much as to say that, "this is a dollar and a half picnic" while Bro. Sullivan seemed to be wondering if the expected would happen "just as much as you feel able and willing to give." Deputy County clerk Ed Keen also left the unrecorded papers in the care of Brother Carter while he with the boys took in the situation. City assessor Bob Davis who is always on the alert to collect taxes, was also on hand and apparently was well pleased with the performances. Sam Morton concluded that the electric light works were a nuisance anyhow and he also took in the situation and cracked a few jokes with Bro. Sullivan. The contracting parties, E. W. Reeves and Miss Mattie Vaughn came over from Greenville a few days ago. He procured lodging and board at the Kentucky House for his expected bride, while he continued in the employ of the S. S. & S. railroad. In the meantime cupid was unusually active and before Saturday evening's sun went down he had his victim completely chained and only needed the aid of Bros. Walden and Sullivan to tie the nuptial knot.

The next day, or Sunday after the above marriage, the Kentucky House was the scene of another happy wedding, the contracting parties being from Farmersville. As usual a DEMOCRAT reporter was again duly on hand. It being Sunday the groom was put to some trouble finding County Clerk Walden, but soon found that official who would not issue the legal documents however before calling upon the pretty bride and administering the oath that she had attained to the age of consent. This done the groom S. J. Bennett and bride, Miss Susa King stood before Rev. J. L, Morris who, in the presence of a number of eager spectators, bound the two together "for weal or woe" in a most beautiful ceremony. The groom is a young school teacher and law student of pleasing address, who has been in Texas only about two years. The bride is a daughter of Ben King, a prominent citizen of Farmersville, where she has grown to beautiful young womanhood. THE DEMOCRAT wishes for this young couple many years of married life, attended with such blessings as will most liberally contribute to their cup of happiness.

TO THE LADIES OF McKINNEY AND COLLIN COUNTY!

Are you progressive? Do you attend the State Fair at Dallas and feel a thrill of pride at the display of skill and culture of our Lone Star state? We have still another attraction in view which we hope to have ready for the coming fair in October. It is the erection of a magnificent building by the women of Texas—a place of convenience and pleasure, where the different clubs and societies may hold their meetings during the fair and weary frames may find rest after a busy round of sight-seeing. The fair will give us the ground on which the building is to be erected and the ladies of Dallas will furnish $1000. The shares are $1 each and entitles you to life time privileges of the building. I have two little grand children who are teething this hot summer weather and are troubled with bowel complaint. I give them Chamberlain's Colic, Cholera and Diarrhoea Remedy and it acts like a charm. I earnestly recommend it for children with bowel troubles. I was myself taken with a severe attack of bloody flux, with cramps and pains in my stomach, one-third of a bottle of this remedy cured me. Within twenty-four hours I was out of bed and doing my house work.

MESSRS. LIPPMAN BROS., Proprietors P. P. P., Savannah, Ga.

Gentlemen:—I feel it my duty to inform you of the cure your wonderful medicine, P. P. P., wrought in my case. I have suffered for two years with dyspepsia and Malaria in the worst form, and was a daily sufferer from sick headache. My bowels did not act but twice a week, and frequently only once a week. I could not retain half I ate and my stomach was always uncomfortably heavy. I tried pills and all kinds of medicines, but only found temporary relief in them. I was despondent and was hoping to soon find relief in death.

Seeing your P. P. P. advertisement I decided to try it and requested Dr. Peak to get me a bottle, and after taking that bottle I felt one hundred per cent better. I have taken two bottles and will soon get another, and I can now eat in peace and enjoy everything, and can sleep like a top. My headaches have ceased and my bowels are regular. I would advise all sufferers like myself to give P. P. P. a trial and they will write you as I have, that P. P. P. beats any medicine on the market. Yours truly,

PRICKLY ASH, POKE ROOT AND POTASSIUM

Makes Marvelous Cures in Blood Poison Rheumatism and Scrofula

PIMPLES, BLOTCHES AND OLD SORES CATARRH, MALARIA, KIDNEY TROUBLES and DYSPEPSIA

P. P. P. purifies the blood, builds up the weak and debilitated, gives strength to weakened nerves, expels diseases, giving the patient health and happiness where sickness, gloomy feelings and lassitude first prevailed.

For primary, secondary and tertiary syphilis, for blood poisoning, mercurial poison, malaria, dyspepsia, and in all blood diseases, like blotches, pimples, old chronic ulcers, tetter, scald head, boils, erysipelas, eczema—we may say, without fear of contradiction, that P. P. P. is the best blood purifier in the world, and makes positive, speedy and permanent cures in all cases.

Ladies whose systems are poisoned and whose blood is in an impure condition, due to menstrual irregularities, are peculiarly benefited by the wonderful tonic and blood cleansing properties of P. P. P.—Prickly Ash, Poke Root and Potassium.

SPRINGFIELD, Mo., Aug. 14th, 1893. —I can speak in the highest terms of your medicine from my own personal knowledge. I was affected with heart disease, pleurisy and rheumatism for 35 years, was treated by the very best physicians and spent hundreds of dollars, tried every known remedy without finding relief. I have only taken one bottle of your P. P. P., and can cheerfully say it has done me more good than anything I have ever taken. I can recommend your medicine to all sufferers of the above diseases.

SEQUIN, TEX., January 14, 1893.
MESSRS. LIPPMAN BROS., Savannah, Ga.: *Gentlemen*—I have tried your P. P. P. for a disease of the skin, usually known as skin cancer, of thirty years' standing, and found great relief. It purifies the blood and removes all irritation from the seat of the disease and prevents any spreading of the sores. I have taken five or six bottles and feel confident that another course will effect a cure. It has also relieved me from indigestion and stomach troubles. Yours truly,

EXCHANGE.

LAW AND ORDER.

One of the principal declarations of purposes of the Farmers' alliance is to "assist officers in maintaining law and order." By this it will be seen that the alliance is a law and order society as well as an educator. Every true alliance man should see to it that every law of the people is carried out. When the people place laws upon the statute books and elect men to execute them they should see that their servants carry out their will thus expressed. There is nothing more degrading than to have our laws over-ridden by those who are so disposed. Yet such is the case in very many instances. Every true citizen is expected to aid the officers in carrying out the law. There are many instances where the officers are dilatory in discharging their duty on account of public sentiment against them. We hope everyone will study the laws that are enacted for our protection so as to be able to aid officials in carrying out the will of the people. Law and order should be the desire of everyone in this country. Good laws, efficient officials backed up by an educated constituency will give respectability and safety.—Industrial Headlight.

McKinney, Tex., May 27. 1895.

The herding of the gold bugs, with silver wings, in congress was a grand success.

There were 29 states containing one hundred and fifty democratic representatives who were instructed to vote for free coinage of silver at the ratio of 16 to 1. When they were called on to sign the pledge, or manifesto as it was called, to stand by the free coinage of silver as per their instruction, only 31 responded by signing their names. These 31 democrats returned home and stood for re-election with the result that only 10 of them were elected while the other 21 were defeated by republicans aided by gold bug democratic votes. That was a great victory for the money power—only 10 free silverites got through safely.

If the Dallas News reports the truth, Texas is forever disgraced by a democratic adminstration. The News reports that out of 104 democrats all were lost but 41. Your party failed to have a true Shepherd. You had a governor who accepted the nomination on a single gold standard platform and ran on it until he thought he would be defeated and then he deserted it, stole that of the populists and was elected thereon. No true democrat would be led by such a leader as he. The democratic party has another load to carry which is sufficient to kill any party on earth. Texas has the greatest school system of any state in the union for the benefit of the poor. We set aside about 35,000,000 acres of land for the benefit of the poor children of the state. In addition to this we have been paying 12½ cents on the hundred dollars for school purposes up to 1895. Now it is 20 cents. Also ½ of the occupation tax and $1 poll tax goes to the school fund. This certainly created the greatest school fund known among the states. Now, what is its condition? The democratic party has about placed the lands beyond the reach of the actual settler. It was done in this way. They appointed a land board to lease and sell the lands.

This board barred all men without families and prevented all settling on watered lands. These rulings deprived our boys of their rights and robbed the other settlers of the best lands, for every western man knows that when you get away from the watered lands it is fit for nothing but grazing. This is the reason that actual settlers can't pay their interest.

The reason that this decision was made by the board was that the land was reserved for English lords and cattle kings. This is not all that the school children were robbed of by the democratic party. The constitution prohibited the use of the principal of the school fund. The readers of THE DEMOCRAT know full well when they changed the constitution to get one per cent of the principal and when they got their hands into the children's treasury, where that money went.

This is not all. The negro normals chools, aristocracy's normal school and colleges and state universities must run if every poor child in the state goes without education. Two classes, rich and negroes, seem to be united against the laboring class. These two classes represent the so-called democratic party. The rich have always owned slaves and did not care whether they were white, red or black. They were not satisfied with robbing the red man of his land but tried to make slaves of them by starving and whipping thousands of them to death—nearly blotting out one nation. The red man, however, would not serve them. They then stole the negro from his land and by the lash forced him into slavery. As a proof that they did not care who served them many of them sold their own blood into bondage.

Now this same aristocracy aided by the negroes are attempting to put the whites into slavery by robbing them of one half their money, doubling their debts and increasing their taxes. We have one third more state officers and clerks than are needed and are paying them double price for their services. We are taxed to run normal schools and colleges for negro boys and rich men's sons. We are also supporting a white state university and the negroes have petitioned for a branch of that and are sure to get it if the democratic party continues to hold the reins. There is not one white boy in a thousand that ever sees into one of those high schools. As to the remedy, I would say. Grade the school lands. Sell the watered and timbered lands to actual settlers. Let it belong to the first man who settles on it, let him be poor or rich, married or single, providing that he pays for it. Lease the grazing lands to the cattle men. If they will not lease it, pass a law to the effect that if they turn their stock on it without authority that they forfeit all right to said stock. Next place the constitution back so that nothing but the interest of the school fund can be used. This was the way the grangers left it for you. Now if the principal of the school fund the corner stone is not placed back where the constitution left it, the aristocracy will rob the poor of every dollar of their school fund. In some future communication I will give the cost of all the high schools, itemizing same. Respt.,

JOHN JOHNSON,

I sent the above letter to the Dallas News which refused to publish. Nearly all the statements in this letter were taken from the News. If there are any mistakes contained in it I want the News to correct me. I will itemize the state school robbery in my next letter and send it to the News. Then we shall see whether that paper can afford to publish the truth. J. J.

FACTS WORTH KNOWING ABOUT MILK

HENRY L. COIT, M. D.

Milk is a delicate animal food, highly sensitive to exposure, and quickly spoils, unless it receives great care.

Milk is spoiled by the bacteria which fall into it, and which set up fermentations, due to their presence in it.

Vessels for holding milk should be made of earthenware, glass or porcelain, and always be provided with covers.

In open vessels milk should be counted unclean; for it is thus exposed to invisible droppings of dust.

All utensils designed for milk should first be scoured; then cleansed with soap and rinsed with boiling water.

Bottles intended for milk should be cleansed with coarse sand, baking soda and water; then rinsed and scalded.

Empty milk bottles should be properly cleansed, then filled with boiling water, and allowed to stand until used.

Chemical poison, which germs rest off, and various germs of contagion, are contaminations in milk most dreaded.

Heat and cold are valuable preservatives when applied to milk, but extremes of either are injurious and destructive.

Heat is chiefly useful to destroy the numerous germs which contaminate all milk and which finally spoil it.

Cold is valuable because it retards the growth of germs while applied to milk, but never any longer.

Milk should never be subjected to the freezing temperature, nor heated higher than is necessary to sterilize it.

Milk is sterilized when it has been heated with steam or boiling water long enough to destroy the germs in it.

Milk is Pasteurized which has been heated at 167 degrees Fahrenheit for twenty minutes, and then cooled quickly.

Pasteurized milk is free from harmful germs, and has not been injured when completely sterilized or boiled.

Milk is best preserved when stored in small glass bottles, corked with cotton wool, and kept on ice.

When ice is not available, bottled milk should be immersed in cold water, which should be frequently changed.

MRS. LEASE'S HUSBAND ONCE A RESIDENT OF DENISON.

We clip the following from the Denison Daily Herald:

Mr. Hatch residing 20 miles southwest of Denison. walked into Jones & Howard's drug store yesterday and called for Dr. Acheson. Upon being presented, Mr. Hatch inquired if he was the man who ran a drug store there some years ago. Being assured affirmatively, the old gentleman continued:

"Several years back Mr. Lease used to put up some medicine for my wife that done her a heap of good, and I'd like to know if I could get it again."

He drew from his pocket a time worn label which read, "29,517." It was handed to the clerk, who found the prescription dated January, 1881, stored away in the second story. Dr. Acheson owned and operated the drug store in those days and C. L. Lease was his prescription clerk. Lease now resides in Wichita, Kan.

Mr. Hatch remarked that he had kept the label for fourteen, years, and and that the prescription was written a long time before.

SENSATIONAL SEANCE.

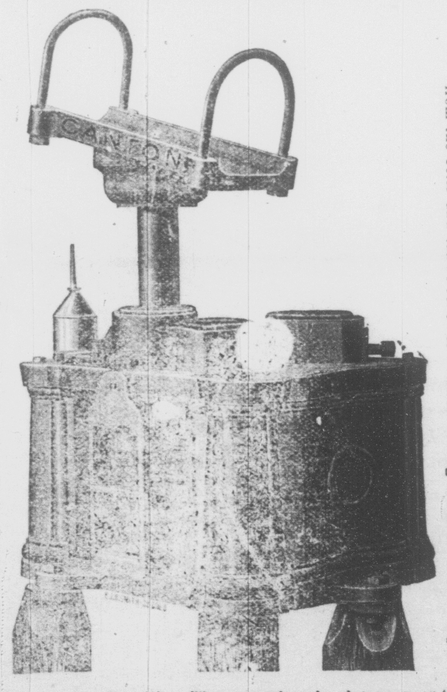
The Spirit Screamed and the Trimmings Were Gauze.

Hempstead, Waller Co., Tex., June 7.—An interesting and sensational event occurred here last night. A few days ago a lady, accompanied by a girl about 14 years old, reached here, and the former was soon announced as a spiritualistic medium who could cause departed friends to materialize, etc. A seance was held last night which was attended by twenty or more. No admission fee was charged, but it was announced that each one of the audience should pay $1 when the seance was over. The lady then appeared and opened with a lecture.

The spirit of a young lady who died a few months ago was called for, and then the room was darkened. Soon after the dim outlines of a female form appeared and quick as a flash a prominent citizen grabbed the wrist of the spirit. It screamed terribly and an old gentleman jumped forward to protect the spirit, but his arms were at once pinioned. Then matches were struck and the lamp lighted. The lady that had lectured was before them, clad in a thin gauze uniform, consisting of a single garment and a pair of stockings.

The late spirit sat down on the floor and then the audience dispersed, expressing their disgust, and the young men hid their faces to hide their blushes. One old lady, who had contributed $6 for the privilege of talking to her late husband, at once demanded the return of her money, which was done, and her confidence in spirits, she asserts, has been forever shaken.

NEW CANTON CANE MILL.



The Canton Mill is far ahead of all its competitors in every essential feature Its capacity, durability and economical qualities make it the foremost mill on the market. The shafts are made of the best of steel and are heavier than those heretofore made of wrought iron, thus securing absolute safety in this vital part of the mill. The castings are made of the highest grade of charcoal pig iron and no inferior metal or workmanship enters into their construction. The main shaft is also made long, enabling the mill to be set near the ground making it run steady. All Cog wheels in these mills are cast separate from the rolls and can be renewed without affecting the Rolls or other expensive parts of the mill They are driven by clutches near the point of resistance and as no keys or bolts are used to vex the operator are easily removed or replaced. We also have the celebrated Cook's Evaporators, made of both copper and galvanized iron. These goods are guaranteed to be first class in every respect and we carry a fine line of them in stock. Call and see them and get our prices and terms. We will make it to your interest to trade with us. We also carry a full line Buggies, Wagons, Carriages, Carts, Harness, Barbed Wire. WHEN DOCTORS AND HOSPITALS FAILED.

DALLAS, Tex., April 4, 1895.—This is to certify that for the last eight or nine years I have been sorely afflicted with a most severe bowel and rectal trouble, which also produced a complicated condition of the uterus and kidneys. I was four months in the Dallas hospital and was treated at different times by at least a dozen different physicians and was operated on four times, but all to no avail. I continued to grow worse until I had lost hope of recovery, but thank God a lady friend advised me to try Dr. McDowell's Family Medicines. I had used only one bottle of the La Creole Blood Purifier and one box of Rabbit Brain Ointment when I found I was improving fast. I have used six bottles of the La Creole and about the same number of the salve and Eel Oil, and I positively could not be paid enough money to be placed back in the same position I was in when I commenced the use of the medicine.
My husband was attacked with a severe case of Grippe and had a severe cold and fever. He was so bad that we thought he could not recover, but he concluded to try McDowell's Hot Drops and Eel Oil and in a few days was able to resume his work. MRS. HATTIE DAVIS, 317 Elm Street.

Scrofula

Miss Della Stevens, of Boston, Mass., writes: I have always suffered from hereditary Scrofula, for which I tried various remedies, and many reliable physicians, but none relieved me. After taking 6 bottles of S.S.S. I am now well. I am very grateful to you, as I feel that it saved me from a life of untold agony, and shall take pleasure in speaking only words of praise for the wonderful medicine, and in recommending it to all.
